Leadership Team

Monica Navarro, Chief Operating Officer/Vice President of Social Enterprise **A KID since 2012**

Monica has 14 years of experience ensuring the financial and operational strength of numerous Broward County non-profit organizations. She previously served as the Chief Financial Officer and Vice President of Social Enterprise for the Urban League of Broward County. She currently serves on the board of the South Florida Community Land Trust, finance committee for Habitat for Humanity of Broward and is the Chair of the Broward Housing Council. At KID, Monica is responsible for finance and accounting, preschool operations and other strategic initiatives including our partnership with NSU to provide dental and optical services.

Jan Albert, Vice President of Human Resources **A KID since 2002**

A consummate professional with more than 35 years of experience, Jan Albert has helped hire and manage a passionate, seasoned and dedicated team of case workers, therapists, teachers, and staff. Jan's leadership efforts led KID in revamping the employment processes resulting in a 50% increase in staff for new programs and services, and implemented employee training and recognition programs.

Lisa Bayne, Vice President of Programs **A KID since 2001**

Lisa Bayne began her career with KID as an assessment specialist writing comprehensive behavioral health assessments for children removed from home due to abuse and neglect. Those early experiences have served to strengthen Lisa in her current role overseeing accreditations, licensing, clinical interventions, and audits; and using her wealth of knowledge as an energetic community liaison.

Sheila Malone-Jones, Vice President of Facilities and Support Services **A KID since 2000**

For thirteen years Sheila Malone-Jones has embodied the KID spirit of enthusiasm and genuine fulfillment every day. Sheila is responsible for helping KID put its best foot forward by overseeing the comprehensive maintenance of our five-acre KID Broward County Campus and off-site locations; coordinating the nutritional needs of KID children through food services; implementing airtight emergency protocols; and so much more.

A Letter from the Desk of the CEO

At KID, the children and families we serve are at the heart of everything we do. As their needs grow and change so do our services. This past fiscal year has been filled with exciting developments for the KID family of programs. Before highlighting some of our past achievements, I would like to begin by recognizing the committed team of case workers, therapists, teachers, and staff who have worked tirelessly to bring our mission to life for thousands of South Florida's most vulnerable families.

KID experienced changes at the local, state, and federal levels that brought about new guidelines for care and improved service goals. As always, the KID team responded with excellence, creative ideas, and increased community connections. Our outstanding supportive programming garnered significant attention by becoming best practice models of care; innovative ideas came to life by securing funding for and implementing programs like the HEART initiative; and we strengthened our relationship with HANDY by providing our expertise as their fiscal agent. KID partnered with Casey Family Programs Foundation to better align with national trends in child and family services, and expanded our Kinship services through collaborative efforts with the Memorial Healthcare System and Legal Aid Service of Broward County, Inc.

Our foster care programs, the largest in both Broward and Palm Beach counties, were successful in recruiting more foster families than ever. The result: **all of our children were happily placed into loving and caring foster homes.** This philosophical shift in the delivery of our foster care services warranted the closing of our shelter. Now more than ever, we can truly provide our children with a safe and secure family environment where they can grow and flourish.

Countless hours were spent updating our physical campus when Royal Caribbean Cruise Lines painted our buildings and landscaped our grounds. KID felt an overwhelming amount of love from many community groups and thrived with every interaction as volunteers logged in thousands of hours playing with our children in aftercare, helping at our events, or reading to our KID Preschool PLUS students.

While we celebrate the accomplishments of the past year, we seek new opportunities for continued learning and constant improvement. As we turn our attention to the future, we do so with a vision for growth and a strategy for success. Next year KID will continue to engage our workforce, advance our programs, diversify revenue streams, enhance infrastructure, and further our reputation in the community as the premiere leader for child and family services.

KID accomplishes every goal with the same passion, pride, focus, and infectious energy you have come to know from our devoted team. Thank you for joining us on this hopeful journey. With your help, KID **imagines** a brighter future, **invests** in a better today, and **improves** the lives of thousands.

On behalf of the KID in all of us,

A handwritten signature in blue ink that reads "Mark Dhooge".

Foster Care and Kinship Services

Foster Care

KID Foster Care grew tremendously, showing an 18% increase in capacity. The largest provider in both counties, KID Foster Care served 350 children in Broward County and 207 children in Palm Beach County.

In addition, the Broward County and Palm Beach programs were integral in creating 41 new Forever Families by facilitating adoptions into loving families. The past year was full of heartwarming stories like the adoption of two medically fragile children, and the adoption of a little boy into a family who had previously adopted his two siblings.

Kinship

In the past eight years, the KID Kinship Program has evolved into a comprehensive continuum of care and was integral in stabilizing 99% of families, keeping the children served out of the dependency system.

Earlier this year, KID recognized a gap in support for Kinship Families in Broward County in two key areas: general programs in South Broward and access to legal services. Thanks to an increased funding allocation from Children's Services Council (CSC) and a strengthened partnership with Legal Aid Service of Broward County, Inc. and the Memorial Healthcare System, KID Kinship is poised to serve an additional 267 families during the 2013-14 contracted year.

"KID and the Kinship Program is wonderful. They have been so supportive and helpful to my family and me. [Without KID] we wouldn't have been able to pay legal fees for the adoption of our grandsons...and they also provide a lot of emotional support to me which I really appreciate."
- Debra, Coral Springs

A growing need for loving foster parents: In three years, the number of children removed from home has increased more than 27% in Palm Beach County and 23% in Broward County.

Family Strengthening

KID FIRST

At KID First 94% of our families successfully completed all goals of the program, exceeding the 80% contractual standard. The team's dedication and compassion did not go unnoticed; 191 of 225 family surveys keep indicating that the families were "always" or "most of the time" satisfied with the services they received.

"Ms. Debbie was very polite and helpful these past 3 months. Whenever I had a problem she assisted right away. She gave me a lot of tips and advice on my kids and ways of improving what I can do. I couldn't ask for a better Social Worker to help my case. I'm very thankful [to KID FIRST] for the help provided to me and I look forward to using the advice they gave me in the future." - Dorlene, Margate

KID Healthy Start

KID Healthy Start served 1,434 families this fiscal year and initiated several educational outreach programs in the community. Since February 2012, the smoking cessation program, in conjunction with the March of Dimes, has exceeded expectation serving more than 400 individuals. In addition, KID Healthy Start hosted group events, support groups and expanded its community presence by partnering with other organizations such as the Jack & Jill Children's Center in Fort Lauderdale, Florida.

KID Homebuilders®

KID HOMEBUILDERS® celebrated a milestone this year: the program helped support 108 children in imminent danger of removal from the home. Understanding the emergent nature of these situations, KID HOMEBUILDERS® staff members met with 106 of the families within 24 hours of referral to the program.

"She listened without making judgments of my concerns. She informed me of different choices I had to help me with parenting my children. She also went above and beyond her responsibilities with assisting my family. She escorted my son to the hospital and sat with him until he was calm." - Kessey, Tamarac

KID Healthy Families

KID Healthy Families served 135 families through a variety of educational programs including group discussions on smoking cessation and shaken baby syndrome; hosted forums in partnership with KID Healthy Start on topics including unhealthy relationships and good oral hygiene, and provided activities like face painting to teach positive interactions with kids.

Healthy Start and Healthy Families Make a Difference: Between 2010-2012 84% of mothers in Broward County initiated breast feeding as compared to only 80% statewide; and 2.1% of children in Broward County were born to mothers who reported smoking while pregnant as compared to 6.8% statewide.

Therapeutic Services

KID Safe Visitation

The only accredited visitation program in Broward County, KID Safe Visitation provided safe visitation and therapeutic visitation services to 60 children. During an audit from ChildNet, KID Safe Visitation achieved 100% in all evaluation areas including metrics such as “parents with a history of abuse exhibiting non-violent behaviors during visitation” and “children remaining free from abuse and neglect during visitation.” A standout program, KID Safe Visitation has been recognized by other agencies and by the family court as the standard of service for parent-child visitation.

Coordinated Family Services

This year Coordinated Family Services (CFS) achieved 100% in all evaluation areas during an audit from ChildNet. Their immense success with the families resulted in an increased interest from the community, resulting in a 4-8 week waiting period for individual and family therapy services.

In December, CFS hosted a holiday event with program partner Broward Addiction Recovery Center (BARC). Current and former program participants were invited to speak about their struggles and achievements and the positive impact CFS has had on their families.

“The [Coordinated Family Services] program taught me how to deal with certain situations in life and taught me how to address my problems instead of running from them. And how to be a better father to my kids.”

- Reunified Parent

Family Counseling Center

During the year, the Family Counseling Center (FCC) solidified and developed relationships with Hispanic Unity, the Broward County School Board, and HANDY to increase referrals and provide better care to the community. Through these coordinated efforts, FCC provided support to 550 children, and reported solid outcomes including:

- 97% of families made significant progress in treatment plans
- 86% of families displayed improved family functioning
- 87% of families reported resolving problems on their treatment plan

“Being able to connect with our therapist has given my family hope. Everything that was brought into this home by KID is going to stay within each of us. My life and my kid’s life has been forever changed by the work of your dedicated therapist.”

- Satisfaction Survey Respondent

Excellence is part of the culture: 100% of client satisfaction surveys returned to KID about the Family Counseling Center provided positive feedback about the work of the KID child and family therapists.

Educational Services

KID Preschool PLUS

KID Preschool PLUS underwent a dramatic change during the fiscal year as the team expanded with the addition of teachers and teacher assistants, the improvement of the campus experience with fun and vibrant “classroom makeovers,” and a reinforcement of its curriculum with new ideas and creative ways to learn. These early childhood education investments helped KID Preschool PLUS double in size, growing from 37 enrolled children in 2012 to 73 enrolled children in 2013!

“I really enjoy observing the interaction between both teachers and my son. The teachers are very patient, caring and knowledgeable of developmental milestones. I have noticed that my son has progressed very well...I appreciate both teachers and believe they are wonderful additions to KID Preschool PLUS. Thank you so much for being so understanding with my son...”

- Jane, Fort Lauderdale

MOST Aftercare/ Summer Camp

The MOST Aftercare and Summer Camp programs thrived like never before thanks to recruitment efforts and new activities that kept kids engaged, interested, and coming back for more! Students tended and harvested their own food in the KID vegetable garden, let their inner thespians take center stage during a Fort Lauderdale Children’s Theater production of Aladdin, and practiced their serve during Tennis Tuesdays at Hagen Park with Tennis Director, Donna Kocyba.

No rumbling tummies here! KID served 20,000 nutritious lunches at KID Preschool Plus and 50,000 healthy snacks to MOST Aftercare/ Summer Camp this year.

H.E.A.R.T.

After receiving the grant and green light to begin the H.E.A.R.T. program, KID attended the Kickoff Meeting in Washington D.C and filled the year with collaborating, planning, and scheduling training sessions for new members and for organizational partners. H.E.A.R.T. Alliance workgroups and subcommittees were developed and met regularly to develop the readiness assessment, plan the program components, develop the assessment/evaluation with Barry University, and strategize about communications. All the hard work culminated in the submission of the strategic plan and program operations manual in the first report to the Department of Health and Human Services (HHS).

H.E.A.R.T. partners include:

Barry University
Broward Addiction Recovery Center
Broward Health, Inc.
Broward County Housing Authority
Broward Sheriff's Office
ChildNet, Inc.
Dania Beach Housing Authority
Deerfield Beach Housing Authority
Group Victory, LLC
HOPE South Florida, Inc.
Housing Authority of the City of Fort Lauderdale
Housing Authority of Pompano Beach
Legal Aid Service of Broward County, Inc.
Urban League of Broward County, Inc.
Women In Distress of Broward County, Inc.

Working Together to Care for the Homeless: Broward County Homeless Count (Taken January 25, 2013)*

Families with At Least 1 Child = 289 Persons, Adults & Children = 910 Children Under Age 18 = 582 Children Only = 16

**The above numbers are a snapshot taken at a specific time of families in emergency shelters, transitional shelters, and unsheltered families. Due to the transient nature of our homeless population, numbers change frequently.*

(These are children alone without any relatives)

Ancillary Services

KID Dental Clinic

At the KID Dental Clinic, the emphasis on education helps children learn that oral hygiene and keeping up regular visits to the dentist are important components of a healthy lifestyle. Since its inception in 2012, there have been more than 5,000 patient visits to the clinic with an average of 25-30 kids treated per day. Thanks to a generous gift from Patriot National Insurance, the clinic is poised to expand and treat more children without insurance in the coming year.

“It’s such a warm experience to be able to treat children in this kid-friendly learning environment!”

- Dr. Don Do, pediatric resident at Nova Southeastern University

The Eye Care Institute at KID

The Eye Care Institute at KID

The Eye Care Institute at KID serves a dual purpose: meeting the needs of children and families in the community and functioning as a hands-on educational environment. Third- and fourth-year optometry students from Nova Southeastern University, under the supervision of NSU faculty members, learn using state-of-the-art technology while giving compassionate and comprehensive care to families in Broward County. Patients have the opportunity to browse and select from a wide variety of covered frames at a reduced cost regardless of insurance.

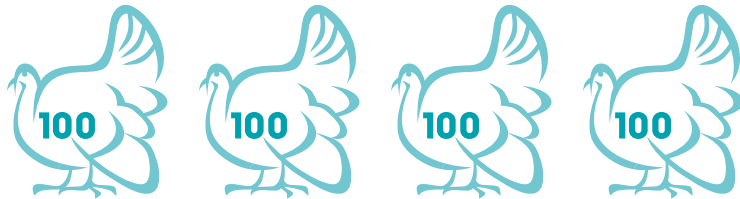

The Eye Care Institute at KID treated more than 1,300 children and families during 3,960 annual visits. Approximately 2,823 of those visits were children under the age of 18, many of whom had never had a vision examination.

“Filling” the Gap: According to the Pew Charitable Trusts *In Search of Dental Care* report Florida has the eighth highest rate of underserved children. In 2011, 76% of Medicaid-enrolled children in Florida went without regular dental care.

Stuffed!

400 families received a traditional Thanksgiving meal thanks to our amazing donors and partners.

Campus Facelift

KID received a complete makeover during the Royal Caribbean International GIVE DAY.

More than **1,000** volunteers showed up to repaint and landscape KID's five-acre campus,

logging in **6**,    hours to accomplish this goal!

Happy Holidays

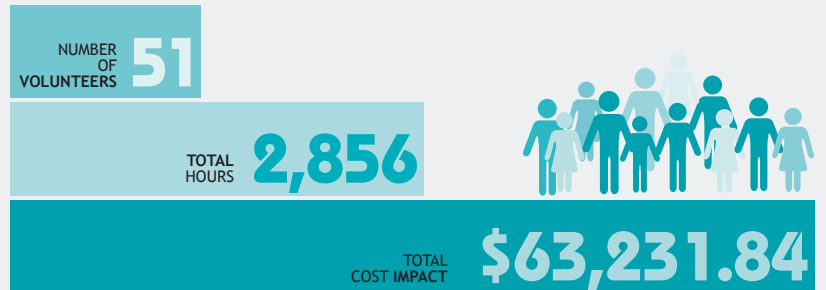

90 families truly had a merry holiday through our "Adopt a Family" Christmas Drive!

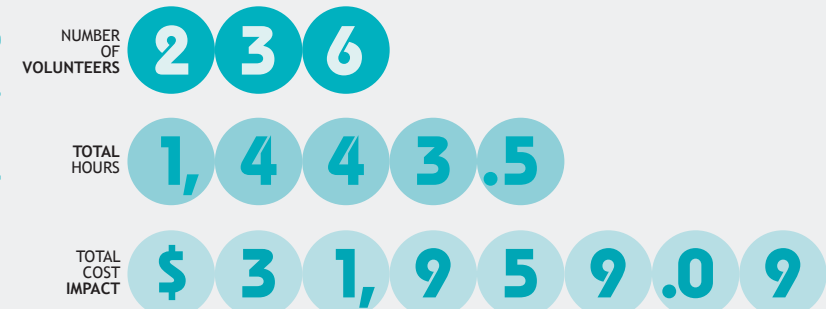

5,000 NEW toys, clothing and shoes were received by children in need due to the generosity of KID's partnership with organizations and individuals who care.

Hanging Out with KID

ON CAMPUS

AT EVENTS

Signature Events

Boys N' Toys Yacht Hop

\$9,000
Highest Bid

Boys N' Toys kicked off the 2012-2013 KID Event Season in fine fashion during the Fort Lauderdale International Boat Show. A smashing success, the event saw a 50% increase over the prior year raising more than \$135,000. Among the high-end silent auction items was a "Private Dinner for Eight" aboard an exclusive yacht, selling for \$5,000. Even more exciting was that it was not the highest bid. That honor went to a one-week stay in a Paris apartment which was bought for a staggering \$9,000!

11th Annual Inlet Challenge Bicycle Ride

680
Riders

On a crisp, clear morning last December 680 Inlet Challenge cyclists geared up for a fun ride along South Florida's scenic A1A. The dedicated group collectively raised more than \$200,000, with one rider who sprinted to the front of the pack having raised \$15,000 individually. With the help of various sponsors and bike shop partners, each rider finished their designated route and returned to the Finish Line triumphant as cheering foster children welcomed them back.

7th Annual Duck Fest Derby

17,000
Rubber Ducks

Cheered by hundreds of fans, 17,000 yellow rubber ducks raced down the New River during the 7th Annual Duck Fest Derby. The lucky duck who won received a four-day, three-night stay at the Mandalay Bay Resort & Casino in Las Vegas with airfare from Spirit Airlines. Our flock of friends and their human supporters helped raise awareness for the programs and services offered at KID, and raised nearly \$185,000!

Cooking with KID

18
Recipes
for Success

In June, 18 leaders in the community shared their "Recipe for Success" with MOST Summer Camp children. Held in a professional cooking kitchen, the community leaders and kids learned kitchen safety, prepared a delicious lunch of Chicken Parmesan with Caesar Salad, and enjoyed a gelato bar for dessert. Everyone received a KID apron, but the true takeaway was the wonderful memories and valuable lessons they learned from each other.

KID Hero 5K

\$118,000
Raised

More than 400 superhuman supporters attended the rescheduled run, showing their commitment to having fun all in the name of a good cause. Kids, young and old alike, dressed up as their favorite superheroes, and jumped with joy when Spider Man and other heroes of Florida SuperCon showed up to cheer them on and hand out throwback tin Superman lunchboxes.

Supporting Our Children & Families = PRICELESS

Our Mission

To prevent child abuse, preserve the family, and to treat children who have been abused and neglected

Our Values

Family. Trust. Compassion. Safety. Wisdom. Tenacity.

Our Vision

A community of safe and healthy children in loving families

KID partners with the following federal, state, and local organizations to provide services:

To learn more, to give your support, or to get involved with the work of KID, contact us at:

Broward County:
819 NE 26th Street
Fort Lauderdale, FL 33305
Phone: 954-390-7654
Fax: 954-537-2056

Palm Beach County:
1301 N. Congress Ave. Suite 310
Boynton Beach, FL 33426
Phone: 561-272-0204
Fax: 561-276-0150
